

Make your own bee!

Make your own bee using a clothespin

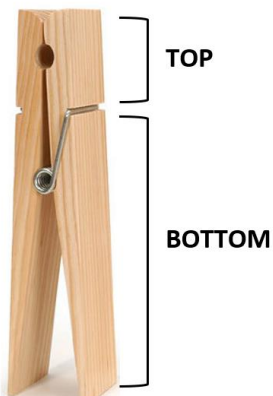

Materials

- Clothespins
- Pipe cleaners (any color will work)
- Beads
- Googly eyes (optional)
- Paper
- Markers
- Glue stick

Steps

1. Cut wings out of paper
2. Color black and yellow strips on both side of the "bottom" of the clothespin

3. Draw a face on the "top" clothespin and glue on googly eyes if desired
4. Glue wings on the back of the clothespin (whichever side does not have the face on it)
5. Cut a pipe cleaner to $\frac{2}{3}$ or $\frac{1}{2}$ of its original length
6. Bend pipe cleaner in half and twist at bottom
7. Add beads to the two top ends of the pipe cleaner and secure by bending ends of pipe cleaner around the beads
8. Put glue on the bottom twisted part of the pipe cleaner, open the clothespin, and insert the pipe cleaner into the "hole" in the top part of the clothespin
