

Make a Pine Cone Bird Feeder!

Feed the birds using supplies you already have at home and in your yard

Copyright STEVE BYLAND/SHUTTERSTOCK

Materials

- Pinecones
- String, hemp, yarn, or thick thread
- Peanut butter
- Bird seed or uncooked quinoa & oats or unsalted nuts

Steps

1. Find pinecones in your yard or local park
2. Tie a string, hemp, yard, or thick thread around the top of the pinecone. Create a loop on the other end to hang from a branch
3. Spread peanut butter on the pinecone, making sure to get in all the nooks and crannies
4. Roll the pinecone in bird seed, uncooked quinoa, uncooked oats, unsalted nuts (walnuts are great), or any combination of these ingredients

5. Hang pinecone outside on a branch
6. Enjoy birdwatching!
